Public Hearing Set for School Superintendent

A public hearing has been planned for March 15 to gather input on the qualities and qualifications for the next superintendent for Fayette County Public Schools.

The hearing will take place at the F.A. Sams Auditorium, located at 205 LaFayette Drive in Fayetteville, beginning at 7 p.m. The Georgia School Boards Association (GSBA) will moderate the hearing.

GSBA has been hired by the Fayette County Board of Education to conduct a nationwide search for applicants interested in the superintendent position. Input collected from the hearing will be used in the applicant screening process.

In addition to the public hearing, GSBA has also posted an online survey to gather information from the public regarding Fayette's next school superintendent. The survey is on the school system's website, www.fcboe.org. All responses are sent directly to GSBA. The survey will remain on the site through April 5.
